

Profile

About

The *International Journal of Applied Mathematics and Computer Science* is a quarterly published jointly by the University of Zielona Góra and the Lubuskie Scientific Society in Zielona Góra, Poland, since 1991. It strives to meet the demand for the presentation of interdisciplinary research in various fields related to control theory, applied mathematics, scientific computing, and computer science.

In particular, AMCS publishes high quality original research results in the following areas:

modern control theory and practice;
artificial intelligence methods and their applications;
applied mathematics and mathematical optimisation techniques;
mathematical methods in engineering, computer science, and biology.

Guide

Requirements in brief

Our basic rules include electronic paper submission and processing, the LaTeX format following a special AMCS style for paper final versions, copyright transfer, a voluntary page charge.

Paper submission

Paper proposals may be submitted only through our on-line submission system as PDF files. If suitable for our journal, the papers will be subject to a full review procedure, and a decision on whether or not to accept the paper will be made based on the reviewers' comments.

Electronic processing

The authors of accepted papers will be requested to provide the final versions of their work as electronic word processing files in the LaTeX format using our AMCS class.

Paper style

The style of papers to be published in AMCS is determined by a special LaTeX class, which is described in detail in our instructions for authors.

Copyright transfer

All authors must sign the copyright transfer agreement before the article can be published. The agreement allows protecting the copyrighted material, without affecting the authors' proprietary rights.

Page charge

Papers published in AMCS are subject to a voluntary page charge, which will be invoiced through the author to the author's institution. Publication, however, is not dependent on the payment of this charge.

Provisions

One sample copy of the journal and the electronic version of the paper are provided for authors once the issue has been published.

Details, submission and downloads

The complete guide for authors can be found on our website at www.amcs.uz.zgora.pl.
